#### **PROGRAMME OBJECTIVE:**

The courses of this programme have been designed to promote understanding of the issues confronting the business world and the economy as a whole. The Programme will help to understand various systems, policy framework and strategies needed to administer the rapid changes in an organization's globally oriented environment like equipping students with an understanding of the financial system, its constituents, the principles on which it operates, interlinkages and regulatory concerns apart from exposure of different functional domains of management through case studies and projects as part of their curriculum.

B.Com. (Hons.) programme is designed to enable and empower students to acquire knowledge, skills and abilities to analyse and synthesize the contemporary realities pertaining to the domain of business. This course not only provides for maintaining and sustaining existing businesses in the face of violent winds of change and competition but also a desperately needed perspective of sustainable growth. This programme aims at instilling conceptual understanding to equip students to deal with business realities of today and prepares them to drive and face the challenges of tomorrow.
