35	MERIT ARTS AND SCIENCE COLLEGE	TIRUNELVELI	Self Financing College	Physics lab: The Physics Laboratory is a well-equipped and carefully maintained facility that supports the B.Sc. Physics curriculum. It includes modern scientific instruments and apparatus such as vernier calipers, micrometers, optical benches, thermocouples, multimeters, electrical components, spectrometers, lenses, and prism sets, enabling students to perform experiments in mechanics, optics, electricity, and modern physics. The lab gives students hands-on experience in verifying physical laws, making measurements, and analysing data under the guidance of experienced faculty, which helps build practical understanding alongside theory. Chemistry lab The Chemistry Laboratory is a well-furnished and practical learning space equipped with all necessary chemicals, glassware, and volumetric analysis equipment to support the undergraduate chemistry curriculum. It provides students with hands-on training in qualitative and quantitative analysis, preparation of chemical compounds, pH measurement, titration methods and other core	https://drive.google.com/open?id=1e9r1-Z6trYmMqSClw6l3nAHn6lSRZgn
